About MediTec

MediTec is a Capacity-Building project in the field of Higher Education (CBHE). The MediTec project will support and modernize the medical education by establishing innovative training centers with immersive medical learning platform and realistic simulation models in order to improve the practical and soft skills for students in medical education in Jordan, Iraq, and Iran.

The main objective of MediTec is establishing an innovative medical training center with Immersive Medical Learning Platform to train teachers and students on innovative medical technology.

MediTec Lab of Excellence

One of the main outcomes of MediTec project is establishing a center for innovative training in medical technology in each partner university. The centers will train Staff, teachers, trainers and students on innovative medical technology.

TUMS has received MediTec equipment in April 2019 and Lab of Excellence was launched accordingly at the university.

Objectives

- Training of trainers, staff and students on innovative technologies in EU universities
- Adapting the training on innovative technology in teaching process
- Enhancement of training methodical complexes on bases of modernized training courses
- Development and providing, training program, multimedia and materials for training on innovative technologies
- Training of students in EU and in the center
- Development of practical courses especially for this new learning environment.
- Strengthening quality of the graduate students through visits and cooperation with the EU

Partners

15 partners from seven countries are contributing in MediTec project including selected universities from Germany, Slovakia, Czech Republic, Malta, Iran, Iraq and Jordan.

- Leipzig University of Applied Sciences (HTWK), Germany
- INT@E, Germany
- Pavol Josef Safarik University, Slovakia
- Masaryk University, Czech Republic
- University of Malta, Malta
- University of Jordan, Jordan
- Jordan University of Science and Technology, Joran
- Yarmouk University, Jordan
- Hashemite University, Jordan
- Princess Sumaya University of Technology, Jordan
- Tehran University of Medical Sciences (TUMS), Iran
- Iran University of Medical Sciences (IUMS), Iran
- University of Duhok, Iraq
- University of Baghdad, Iraq
- University of Basrah, Iraq

Training Courses

In line with the objectives of the MediTec Project, some training workshops alongside of management meetings were held and organized by partner universities from EU, The audience of these training courses were from the non-EU partner institutions addressing teachers and students. Workshops and meetings which were successfully done are listed as below .

- Kick-off meeting in Jordan
- First Staff Training workshop in Slovakia
- Second Staff Training workshop in Czech Republic
- Third Staff Training workshop in Malta
- First Student Training workshop in Czech Republic
- Second Student Training workshop in Slovakia
- Third Student Training workshop in Malta
