

TEHRAN UNIVERSITY  
OF  
MEDICAL SCIENCES

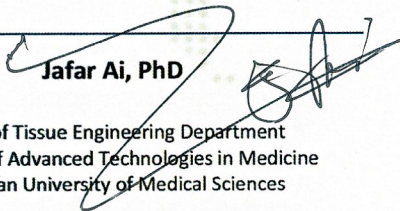

Tehran University of Medical Sciences (TUMS) is pleased to assign

**Professor Robert Hill**

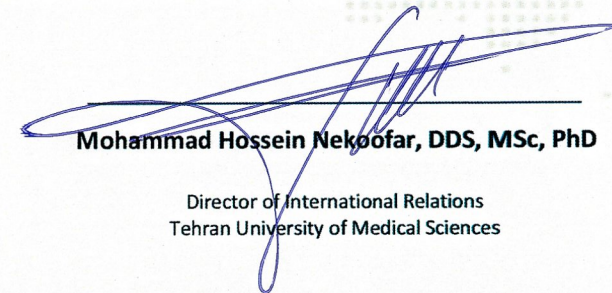

as the TUMS Distinguished Visiting Professor at the School of Advanced Technologies in Medicine for three years starting November 2020.

His valuably long-term experience in the field of Advanced Technologies in Medicine and his enthusiastic participation in TUMS educational and research programs will be a great asset to the field of Tissue Engineering and Regenerative Medicine.

His cooperation includes advising and supervising MSc / PhD theses and dissertations, conducting innovative research projects in the discipline of Tissue Engineering and Regenerative Medicine, which leads to joint publications in peer-reviewed reputable journals, seeking external funding for research projects, holding mutual seminars and tutorials, and promoting other proposed academic and clinical areas.
