University of Pretoria

Memorandum of Understanding

The Pharmaceutical Sciences Research Center (PSRC) of Tehran University of Medical Sciences (TUMS) and The Department of Plant Science of University of Pretoria, South Africa, agree to cooperate with each other on a PhD project namely: "Investigation of cytotoxic effects and reduction of oxidative stress in cancer cells by *Hyaenanche globosa* and *Mytenus procumbens*".

According to this agreement the project is leaded under supervision of **Professor Namrita Lall** from Department of Plant Science, University of Pretoria, South Africa, **Professor Mohammad Abdollahi** and **Professor Seyed Nasser Ostad** from the PSRC of TUMS, Iran.

The expenses incurred at the University of Pretoria is responsibility of the main supervisor (Prof. N. Lall) and the expenses incurred at the PSRC is responsibility of the Co-supervisors (Prof. M. Abdollahi and Prof. S.N. Ostad).

Any publications or results that arise from this project, both universities shall seek an equitable and fair understanding as to ownership. Notification of any change in liaison offers may be made by letter. Amendment of the agreement in some cases might be necessary. The agreement lasts for two years until the end of project. The final report (thesis) would be dedicated to the department of Plant Sciences, University of Pretoria, South Africa.

The designated liaisons for this agreement are:

Prof. Namrita Lall
Associate Prof.
Department of Plant Sciences
University of Pretoria, South
Africa
Fax: 0027-362 5099
Tel: 0027-012-420 2524
Email: namrita.lall@up.ac.za
Signature: 
Date: 4/12/07

Prof. Marion Meyer Head of the Department of
Plant Sciences, University of Pretoria, South
Africa Fax: 0027-012-362 5099
Tel: 0027-012-420 2224
Email: marion.meyer@up.ac.za

Ac Comy HOD (Prof MW van Rensburg)
