

**A summary of
CURRICULUM VITAE**

Alireza Olyaei Manesh, MD, PhD, PGC

Professor (Head of Health Equity Research Centre & Health Economics Departments, National Institute for Health Research, Tehran University of Medical Sciences)

Age: 54

Marital Status: Married

Present living place: Tehran, Iran

Current Jobs:

Deputy for Health Affairs, Tehran University of Medical Sciences

Head of Health Equity Research Centre, Tehran University of Medical Sciences

Head of Health Economics Department, National Institute for Health Research,

Secretary of SDH Research Network

Dependent Member of IRI Academy of Medical Sciences

Address: No.78. NIHR, Tehran, Iran

Tel & Fax: +98-2162921295

Email: olyaei@tums.ac.ir, arolyaei@gmail.com

Degree

- PhD in Health Policy, Department of Health Sciences, University of York, UK, September 2006,
- Thesis title: Inequalities in mortalities of U5 children in Iran using DHS data and assessing the role of reporting errors by mothers in mismatching the results of mortalities and morbidities.
- Postgraduate Certificate in Health Services Management, Department of Health Sciences, University of New South Wales, Sydney, Australia, August 1999,

- Doctorate Degree in Medicine, Hamedan Medical University, Hamedan, Iran, June 1995

Responsibilities (previous & current)

Former Secretary of High Council for Health Insurance, Iran
Former General Director of HTA and Standard office of MoH
Former Head of Social Determinants of Health Secretariate, MoH
Former head of Budget and Planning office, Curative Affairs, MoH
Head of Health Equity Research Center, TUMS
Head of Health Economics Department, NIHR
Editor in Chief, Health Technology Assessment in Action Journal
Vice president of public Health Affairs, TUMS
Secretary of HTA educational board
Coordinator of High Council for Health & Food Security

Research Interests

My main research interests are addressing inequalities and inequities in health particularly in child health & in financing of health care, social determinants of health, evaluation of public health interventions (policies), evidence based policy making and Synthetic knowledge.

Education

- October 2017 till now, Health System Financing for health policy PhD students
- October 2010 till now, Teaching Health Technology Assessment course for master students, School of Public Health, Tehran Medical University
- October 2010 till now, Teaching Social Determinant of Health course, PhD students, School of Public Health, Tehran Medical University
- October 2011 till now, Teaching SDH course for MPH students, School of public health, Tehran University of Medical Sciences
- April 2008 till now, Supervisor of many master and PhD students of Health Policy, Health Economics, Health Management, and master students of Health Technology Assessment.

- Spring term of 2008, Teaching sessions for PhD students on DHS surveys and reporting problems, Epidemiology group, Tehran Medical University
- Winter term of 2008, Teaching sessions for the PhD students on HTA prioritizing methods, Shahid Beheshti Medical University
- Autumn term of 2007, Teaching sessions for PhD students on health equity and its social determinants, Health Management group, Iran Medical University
- July 2005, Training session on searching different databases, University of York Library
- March 2005, Workshop on using Reference Manager database, University of York Library
- October 2004, Training sessions on Advance Quantitative Data Analysis using SPSS software, University of York Computer Service
- Oct-Dec. 2004, taught module on “Reducing health inequities”, by the Department of Health Sciences, University of York
- November 2003, Researchers Team Development course, Personnel and Staff Development Office, University of York
- October 2003, Training course for Teaching Skills, Personnel and Staff Development Office, University of York
- September 2003, Training programs for the abstractors of health economic studies, The NHS Economic Evaluation Database (NHSEED), Centre for Review and Dissemination (CRD), University of York
- June 2003, Workshop on searching Ovid database, University of York Library
- October 2002-March 2003, MSc taught modules including Health Policy, Health Economics, Evidence Base Health Care, Research Methods (qualitative and quantitative), Clinical Evaluation, Epidemiology, Applied Biostatistics, Psychology, Health Sciences Department, University of York

- September-December 2000, Taught modules on Microeconomics, and Health Economics, Research Centre of Management Organisation, Tehran, Iran
- August 2000, Three days workshop on "National Health Account", Iranian Ministry of Health and Medical Education, Tehran, Iran
- May 1997, Short course on Policy Making for the Allocation of Health Care Resources, Iranian Ministry of Health and Medical Education, Tehran, Iran
