Empowering Minds, Transforming Medical Education

Introduction

The Student as Teacher (SAT) program is a highly inspiring and transformative educational program specifically designed for Health Professions students who aspire to become effective, impactful facilitators, tutors, and teachers. This diploma-based course is designed to provide a comprehensive and engaging learning experience that will equip students with the essential knowledge, practical skills, and self-assurance necessary to succeed as educators.

Objectives

By the end of the program, students will be able to:
1. design and deliver effective lessons and facilitate engaging learning experiences that meet the needs of diverse learners in the Health Professions field.
2. Through a range of practical experiences and real-world scenarios, students will develop their skills in effective communication and collaboration skills.
3. Developed the necessary skills and confidence to leverage technology to enhance learning outcomes, including the use of educational apps and other innovative tools and resources.

Time table 1- Asynchronous Sessions

Topic	Educator
Roles of students in HPE	Dr. Mafinejad
Educational planning and course plan development	Dr. Bayazidi
Basics of teaching and learning	Dr. Alizadeh
Reflection and Feedback	Dr. Alizadeh
Effective presentation and body language skills for a teacher	Dr. Jalili
Facilitation skills	Dr. Mirzazadeh
Procedural skills teaching	Dr. Hassanzadeh
Basics of Assessment/Miller/MCQ	Dr. Baharvand
Clinical reasoning examinations	Dr. Mafinejad
OSCE	Dr. Jalili
Workplace based assessment	Dr. Gandomkar
