<b>PROGRAM TITLE</b>	DEEP-T&A (Diploma in Education for HPE Educators Practice: Teaching and Learning from Classroom to clinical setting)
<b>PROGRAM DESCRIPTION</b>	<p>The DEEP-T&amp;A (Diploma in Education for HPE Educators Practice) course is a comprehensive and engaging program designed for health Professions education (HPE) educators who are passionate about enhancing their teaching and learning skills. This program is tailored to meet the needs of educators who want to expand their knowledge and skills in teaching HPE, and make a real impact in their classroom and clinical education.</p> <p>The course provides a unique blend of theoretical and practical knowledge, delivered by experienced HPE educators and experts in the field. Participants will learn about the latest research and best practices in HPE education, including effective teaching and learning methods.</p> <p>Throughout the program, participants will have the opportunity to apply their learning in real-world settings, including classroom and clinical environments. This hands-on approach ensures that participants not only gain a deep understanding of the concepts covered in the course, but also develop the skills and confidence to apply them in practice.</p> <p>Participants will also have access to a range of virtual resources and support, including webinars, discussion forums, and one-on-one coaching.</p> <p>Upon completion of the DEEP course, participants will receive a formal academic diploma, recognizing their achievement and expertise in HPE education. This diploma is a valuable credential for educators who want to</p>

	<p>advance their careers and make a meaningful impact in the lives of their students.</p> <p>We invite all passionate and dedicated HPE educators to join us on this exciting journey of learning and growth.</p>
