

Module Selection Guide for Pathophysiology Phase:

Semester 1: 14.4 Credits

In case of probation, it is suggested not to register Clinical Immunology 1 in your system. Otherwise, register all, which is 14.4 credits.

Semester 2: 21.1 Credits

Students are allowed to take a maximum of 24 credits. In case of emergency, it is highly recommended not to register Medical Etiquette (theory and practice) in your system, but attend classes and take exams.

*It must be emphasized that your representative must stipulate the names to the Education office.

*According to the educational rules, students in this phase must take the remaining basic sciences courses and get a passing score. Therefore, it is suggested to take them by talking to Mr. Naraghi as soon as possible.

*the courses are fixed and students cannot take extra. They are uploaded on our website (course guideline)

*Narrowly Avoid taking extra courses. Its legal consequences must be accepted.

* In case of any questions or problems, come to the education office and discuss your problem with the relevant officers.

*According to the educational rules, attendance in all classes is mandatory. In case of unjustified absence, participation in the exam will be prevented.

* Avoid taking more than 14 credits in case of probation, otherwise it will be prosecuted.

* If you need academic advice, come to the education office in person. Academic and educational counseling will be given by educational professionals.

*Non-participation in the exam is considered as an absence and according to the educational regulations, zero will be recorded in the system.
